

"LANEY"

INT./EXT. THE ROAD - DAY

Alice, looking clean and composed, sits in the passenger seat as **LANEY (20s, fun and excited)** drives. The car cruises down a quiet, small-town road, the two deep in conversation.

LANEY

So I've been talking to this guy  
Josh for two weeks, well you know  
Josh, and so I asked him if he  
wanted to come by the party, and he  
said he'd be over closer to  
midnight because his sister was in  
town. I guess they were gonna go to  
a few other parties, which is fine  
you know. But dude never showed up!

Laney sighs.

LANEY (CONT'D)

At least he could've called and  
said he wasn't gonna make it. It's  
rude to not show up!
